

Drumbook
PRACTICE JOURNAL FOR DRUMS

Practise with a plan, not a hunch.

Drumbook puts together a practice list for you every day, keeps the tempo and remembers what your teacher said.

- Today's practice list is ready before you pick up the sticks.
- The click keeps going when both hands are on the sticks.
- Your teacher gets a report instead of a shrug.

Scan and practise today

Everything about the app, and you can ask for an invitation to the test there.

drumbook.de/en

For iPhone and iPad. Free while in testing, later a subscription of €3 to €5 a month. Your data stays on your device.

Built by Silvio, who is learning the drums too.
